

Child Advocacy Center
OF AIKEN COUNTY

Christmas Wishlist

WHO ARE WE?

The Child Advocacy Center of Aiken County assists in the coordination of investigations, treatments, and prosecutions of the most serious cases of child abuse in Aiken and its surrounding counties. We provide a comfortable environment where a child's wellbeing is our first priority and break the cycle of abuse through training, education, and community outreach.

What makes an impact?

Foundational items that we don't often think about make a huge difference!
